West Bridgewater Middle Senior High School Presents...

WEST BRIDGEWATER PUBLIC LIBRARY

AND THE DEDICATION GOES TO...

Our dedicatee has touched the lives of so many students in her five years at WB. This teacher has pushed us to our fullest potential that we did not know we could achieve. Her constant genuine support for us has meant so much to each student. No matter what kind of day we are having, this teacher is there for us,relates to us, and gives us important advice that we will take with us for the rest of our lives. Even though she may not know all of the students, she makes her kind presence known to all.

Her devotion to making WBMSHS a wonderful place to come to everyday never goes unnoticed.

Throughout her years with us, she has taught the senior class what it means to be strong, what it means to be genuine, and what it means to be insightful.

Muchas gracias por todo.

The Class of 2020 is so proud to dedicate their yearbook to Mrs. Angela Fougere.

The last four years have been quite an experience for me. I love the time I spent with my friends, running cross country and track. I was born and lived my whole life in Brazil. I moved to the US without speaking or understanding English. Today I feel fulfilled with all that I have learned and with the opportunities life has given me. I wanted to thank LS, BW and MP, TO, who were with me all the time and wouldn't let me give up.

"Anything can happen if you let it." - Mary Poppins

It was fun in all accidentally hitting every color guard member in the face with a flag (still shocked I was the captain), singing in a choir, going out on privs to play Pokemon Go, dissecting a shark (well more so having Moran cut it open while I squeal and complain), attempts to speak French (je ne peux), filming stuff,dressing up as Arthur, a Backstreet Boy, Jo-Jo Siwa, singing a song I wrote for the 1st time on stage, wearing a pink onsie that WASN'T the lunchables rabbit, or a bunny, or cat (it was a deer), forgetting to hem my prom dress so I was 5'11 while my date was 5'5, & being in many supercalifragilisticexpialidocious shows. it's now time to turn off the lights, recharge the cameras and put away the flags, I guess it's time to put down the flag and toss the hat this time.

Gillian Estrella's amazing high school experience is one to reflect upon. Such great accomplishments as consistently being hit by one ball (minimum) in the face every year in gym class and doing all the work in group projects are truly noteworthy. I had an amazing time in high school, meeting people and making friends. I have had some amazing teachers here in WB. My favorite subjects in school have to be science and history as they have always interested me since I was young. My advice to future students would be to be your own person. I plan on going to college for engineering and having a career in engineering. I would like to thank my friends and most importantly my mom, grandma, and nana for everything.

"Houston, we no longer have a problem!"

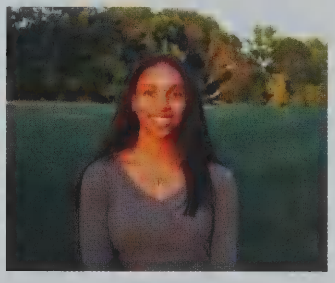

I was new this year, so I don't really have a history with the people here to reflect on, but my high school career has been nothing short of a roller coaster. From the early mornings spent filling my weary mind with math equations to late nights spent with fingers intertwined in history books, I have to say that a big part of me is going to miss it all. A quote from one of my favorite authors, Jennifer Niven, says "We do not remember days, we remember moments" and I believe those small moments experienced in between those early mornings and late nights are some that made these 4 years worthwhile and are memories I will hold onto forever. I don't hesitate to graciously thank my friends, faith, and family for being a support system through these times.

"It has, truly, been a roundabout path." - Johnny Joestar

These past few years were great. Being a part of the Cross Country team was really fun. I have so many memories from that sport, like having theme days, putting all the wet floor signs in the elevator with JK at the hotel, and just having amazing friends and teammates to run with. Some random, but fun memories include playing mao during track, the Nerf battle at IC's house, GC chasing my brother with a flaming marshmallow, SD's many wacky stories, playing Pokémon Go during privs(JP, SD), Circle of the Elite(GC, JP, JR, IC, SB), club penguin during english(GC, IC, JM), and so much more. Overall thanks to all my friends for being so great.

WB has made me feel more sentimental, prepared and frazzled than I ever thought I could be. I've had my highs and I've had my lows- DC trip, IC and AP physics to name a few. Friends come and go as we all are finding out who we are, but the biggest shoutouts to JV and JP. I couldn't have done it without your guidance JV, you're the older sister I never had. I have made some of my best memories at this school. Thank you to LC, EM, HR, JD, and JG for giving me all of those fun times that I will always look back on. A huge thanks to my family for staying by my side and always supporting me throughout this adventure. Someone once said that highschool is like a party. You may laugh, you may have fun. You may cry, you may fight. You enjoy the fun times, you remember the bad times. You remember the people you met. But the only thing for sure is when you look at the clock, you realized you lost track of time and that's when you regret the things you didn't do. And before you know it, you have to leave.

Not gonna lie, high school was pretty rough; I did awful in most of my classes so I'd like to thank the teachers that put up with me like Mr. Rosow who basically forced me through his class. I would also like to thank all the friends I made while I was here like Frost and Jasper who I could talk to till two in the morning just about something dumb. So with the thanks to the people that kept me from dropping out over, I'd just like to thank my Grandpa who was always there to support me even when he should've been worrying about himself. Goodbye West Bridgewater and I'll see you in 10 years!

The last two years have shown me that when you put your mind into anything, it can be accomplished. They've shown me that I am stronger and smarter than I thought I was and they have given me hope for my future. So far, High school has been a few stressful years why? Well technically I can only blame myself as I was in so many clubs and AP classes. Nevertheless I did love everything I was a part of in high school and it's also where I met so many amazing people that I am happy to call my friends. Without Nikole and Aimilee, I'd probably in a ditch somewhere, just kidding. Honestly Anayah, Kiara, Jayda, Nikole and Aimilee have really helped me throughout high school and I have made so many amazing memories with each of them. Lastly, I want to thank my family and especially my twin bro Jonah for being the best I could ask for.

Where do I even begin? Ever since I first stepped into Spring Street, WB has continued to impress me. I have enjoyed everything about it and I've picked up a ton of friends along the way. I have so many memories from our small school and it's crazy to think I'm gonna be graduating soon. I would have to give thanks to all of my teachers who have helped me grow. All of my friends for being there for me. Thanks for being extremely fun to be around. I'd have to thank my family for supporting me nonstop, but I would have to thank my mom the most since she's my #1 fan, supporter, and teacher. I wouldn't have been myself without her. Love ya mom

I want to thank my parents, brother, and Chip. Thank you for supporting me every step of the way, and I don't know what I would do without you guys. I also want to thank my friends, SM, BS, CO, LC, MC, JD, EA, NA, MS, JE, KH, CC, BD, SM, JM and MG, thanks for letting me spill my tea everyday! I love every single one of you so much and will always cherish the memories. Shoutout to Winchy for making high school less miserable for me, you're the best! Peace out WB, love y'all! Cool beans :)

I would like to thank my mom and dad for everything that they have done, because without them I wouldn't have made it this far. And my little brother Jayden, for making me laugh and smile on those stressful days of too much homework and essays. Shoutout to some of the awesome teachers(Finley, Oliveria, Fougere, Pankowski). I'm excited and sad to leave WB behind, but I will take all of the wonderful memories and friendships I've made here with me. #wbwildcats

"I'm not so good with the advice... Can I interest you in a sarcastic comment?" Chandler

The last four years of my life have definitely been interesting ones. On my second day at this school I was told that I "speak really good English" by SD. She thought I was a French exchange student. My friends and I may joke around most of the time, but they are some of the best people I have ever met. I don't think I would have gotten this far without them. Along with everyone in color guard and my drama family, my friends have really made my high school experience memorable. I would also like to thank some of the best teachers I have had, Mrs. Brogna and Mr. Rosow, for being there for me and preparing me for the next step in my journey.

"Things do happen, but you can get back up, but it takes determination and it takes heart" - Scotty Cranmer

The past four years have taught me to keep going when your about to fail, to be the one that makes someone's bad day at least a little bit better, to be whatever I want, and to get straight up after I fall and conquer what knocked me down.

Thank you so much to my family for supporting me and making me the person I am today. I am the eldest of four and a proud Haitian American. My goal is to become a pediatrician. I love baking and eating sweets. I was the vice president of French Honors Society and secretary of Leo's Club. I'm not a sports person. Spending time with my family is a necessity. And couldn't get through highschool without Nikole C., Jenna S., and the rest of the crew. The maroon lunches and Sitting in the back of APChem. Without my parents I wouldn't be where I am now, a Graduate. I can't wait to see where I go next.

Like every assignment I have ever done, I am starting this 5 minutes before it is due. Thank you to my classmates for listening to my various Witticisms in class for 4 years, and a special thank you to Mrs. Cronin for giving me my own 15 minutes slot before class every Friday to fulfill my need for attention. To the Class of 2020,

Speechless. A word to describe how us graduates are feeling as we exit some of the most important years of our lives. High School was nothing short of an experience, and through that experience we have created so many memories that will impact the rest of our lives. We cannot thank you enough, the Class of 2020, for your efforts in submitting pictures to help us preserve these unforgettable years. This yearbook contains all of the best parts of high school, from reminiscing about the past, to spirit weeks, dances, activities and of course snapchats. As we prepare to begin the next phase of our lives we leave you with words from the one and only Troy Bolton, "Once a wildcat, always a wildcat."

A special thanks to Mrs. DeLorenzo and Mrs. DeSimone for your patience and guidance, as we could not have finished this without you.

Sincerely, The 2020 Yearbook Staff

Shane,

We are all incredibly proud of the fine young man that you have grown up to be. You gave us endless fond memories, whether they were Sundays spent on the football field, AAU tournaments, or trying to scare Mandy and ripping the wheel off the go-kart ("that was a good one!"). We think of those times, and of course countless more, and smile. Congratulations on your acceptance to Bridgewater State University. Everybody can't wait to see where the future takes you. Wherever that is, the one thing we are all sure of is your success. You are mature beyond your years, and it shows every single day. As you go through life, always remember, respect is not given, it is earned.

Congrats and best of luck, Love,
Mom, Dad, Amanda, and Brittany
